FIVE COUNTRIES WILL EXTEND AID

Neutral Nations Arrange for Renewal and Extension of German Credits.

ALLIES GIVE CONSENT

Berlin Officials Asked for Permission to Ship Gold to Powers That Took No Part in War, but This Was Refused.

Paris, April 17.—A meeting has been arranged between financiers representing Holland, Denmark, Norway, Sweden, Switzerland and the financial section of the Allied and associated governments to enable the neutrals to make arrangements with Germany for the renewal and extension of German credits maturing in the near future.

It also is planned to arrange for these neutrals to assist in improving German exchange conditions so as to enable Germany to purchase food and raw material.

Discussions have been in progress for several days between financial representatives of Great Britain, the United States, France and Italy under the chairmanship of Norman Davis of the American delegation. The neutral states represented were, Sweden by M. Wallenberg, Holland by M. Ter Meulen, Denmark by M. Gluckstadt, and Norway by M. Volckmar. These bankers, with the representative of Switzerland, represent the chief financial power of the neutrals near Germany.

The German government had asked to ship gold to neutrals against maturing credits, but this was refused by the Allies because it was believed inadvisable to permit Germany to use liquid assets in paying war debts when the money was required to pay reparations and restore normal conditions in Europe. The Allies also held that it would be more advantageous if Germany's liquid assets were used for the purchase of food and raw materials to avert distress and furnish employment for the masses than in paying her debts.

The five neutral states, therefore, asked to send delegates to Paris and the meetings just concluded arranged for food and raw materials to Germany and also for an adjustment of the maturing credits of Germany in neutral states.

205 SUBMARINES DESTROYED

Admiral Sims Tells About Chasing German U-Boats.

New York, April 17.—Rear Admiral Sims, who commanded the American fleet during its wartime activities in European waters, said he believed there were "205 German submarines at the bottom of the sea." In a speech at the Bond club, a Victory Loan organization, he said the fleet "found many submarines stuck on the bottom with indications showing that many of the men caught inside either committed suicide or killed each other."

EBERT PLEADS FOR PEACE

Says Anarchy Soon Will Ruin Germany Industrially.

Berlin, April 17.—President Ebert, addressing the national assembly at Weimar, appealed to the Germans to "cease tearing each other to pieces," declaring that Bolshevism will ruin Germany industrially within a few months unless order is restored. "The task of making peace will be difficult," he said, "so long as the entire, actuated by revenge, continues to drive the Germans to despair by maintaining the blockade."

MINOR DIFFERENCES EXIST

Acting Secretary Polk Fears No Trouble With Japan.

Washington, April 17.—Acting Secretary of State Polk authorized the statement that no serious questions were pending between the United States and Japan and that the indications were that the minor issues arising from the situation in Siberia and the recent trouble at Tientsin as well as Peace conference problems soon would be amicably settled without in any way straining the relations between the two countries.

COURT REFUSES INJUNCTION

Alabama Tribunal Declines to Interfere in Rate Case.

Montgomery, Ala., April 17.—Chief Justice Anderson of the Alabama supreme court, denied the injunction sought by State Attorney General Smith against Postmaster General Burleson to prevent application of increased telegraph and telephone rates in Alabama. The court held the state had no authority in the matter.

SYLVIA PANKHURST

Creates Uproar in Gallery of House of Commons.

Sylvia Pankhurst, Mrs. Cole and Miss Stephenson created an uproar in the British house of commons gallery by shouting, "You gang of murderers. You have not only failed to settle the war, but you are leading the country into another one." There were also shouts of "Long live the soviets!" The three women were ejected.

WALKOUT AT BREMEN

Large Industries and Street Railways Are Tied Up.

Government Reported to Have Sent Reserves to Munich to Quell Rioting There.

Berlin, April 17.—With rioting still reported to be rampant in Munich and strikes continuing in numerous other parts of Germany, the workmen at Bremen, Germany's big port on the Weser, have called a general walkout which is affecting most of the big industrial works and the street railways.

Unofficial advices are to the effect that soldiers and non-commissioned officers of the German army also have threatened to strike if an order reducing their pay to a peace time basis is not rescinded.

The German government was reported to be sending reserves to Munich to restore order.

Severe fighting is under way in the Bavarian capital, according to latest advices. The loyalists were said to be using artillery, machine guns and machine guns in an effort to eject the Socialist forces. The exact situation was doubtful.

Berlin Industries Strike.

London, April 17.—Negotiations between employers and employees in various industries in Berlin with reference to increased pay and the right of employees to have a voice in the questions of management, have failed, according to a wireless message from that city.

The employees, therefore, have decided on a general strike.

ALBANIA DESIRES FREEDOM

Asks Peace Conference to Confirm Independence.

Paris, April 17.—The members of the Albanian provisional government representing that country at the Peace conference have addressed to the President of the conference a letter asking for the confirmation of the complete independence of Albania.

Cancellation of secret treaties regarding that country, rectification of the frontiers between Albania and other Balkan states, and naming of a mandatory government are also asked for.

SUFFRAGE MEASURE PASSED

Wisconsin Referendum Bill Now Goes to Governor.

Madison, Wis., April 17.—Action was given in the senate on the Nolan bill for referendum on the subject of woman suffrage in 1920. The bill now goes to the governor.

The senate, by a vote of 25 to 7, killed a bill to grant pensions to supreme court judges who have been in the service 25 years.

IMPEACHMENT MOVE FAILS

Iowa House Adopts Resolution Censuring Governor.

Des Moines, Iowa, April 17.—Efforts to impeach Governor W. L. Harding for his part in the Rathbun pardon case were defeated in the Iowa house of representatives when that body adopted a resolution censuring the chief executive.

AMERICAN TROOPS KILLED BY RAILROAD COLLISION IN FRANCE

(By United Press)
Brest, April 17.—Twelve American and eight French soldiers were killed and 56 injured in a rear end collision of troop trains bound for this city today. The collision occurred west of Lemans about ten o'clock.

Germans Appoint New Peace Commission

(By United Press)
Berne, April 17.—The reichstag has appointed a new peace commission the semi-official Wolf agency reported today.

Three Shiploads of Rainbow Division Leave Today

(By United Press)
Brest, April 17.—Three shiploads of the Rainbow division units were scheduled to sail for home today. The 151st field artillery of Minnesota left on the Huntington. The 117th supply train on the battleship Missouri, and the 149th and the 150th machine gun battalions on the Pretoria.

Private Control of Railroads Favored by Director Hines

(By United Press)
St. Paul, April 17.—Director General of Railroads Walker Hines, arriving here on an inspection trip, declared he does not favor increases in passenger and freight fares at the present time. He said the whole future of the railroad will be up to the next congress and that personally he favors a plan of return to private control whereby the government would guarantee a fair return to the roads and participate in earnings above a certain figure.

Telephone and Telegraph Workers Vote

(By United Press)
Springfield, April 17.—Telephone and telegraph workers in a score of large cities and hundreds of smaller communities have voted in favor of a nation-wide strike.

BY CARL D. GROOT,
(United Press Staff Correspondent.)

Paris, April 17.—The Germans may be required to sign the peace treaty by May 15, it was learned on good authority. There was still some difference of opinion among the delegates regarding the advisability of setting a time limit. The majority appeared to believe the period between April 25, when the treaty will be submitted to the Germans and May 15th, would be sufficient for the German government to debate all the provisions and formally ratify them. Those opposing a plan of fixing the time limit contended the allies might not be ready to receive the Germans even by April 25. The invitation to the Germans apparently was forwarded Tuesday before all the belligerents had an opportunity to sign it. It is understood to have been taken by courier to Spa. The five great powers signed this document. Premier Clemenceau later read the invitation to the eighteen smaller powers, and all signed it, there being no objection raised. The fuller document is believed to have been hurried to Spa in the wake of the first message.

CONQUEST OF THE AIR

Aerial Service for Passengers, Mail and Merchandise.

Coming Convention of Pan-American Aeronauts Will Stimulate Enlistments in Air Service.

Atlantic City, N. J., April 17.—Atlantic City will be the Mecca for a large gathering of American men and representatives of foreign countries, who will be attracted by the first Pan-American Aeronautics Convention, which meets there in May.

Captain Charles J. Glidden, of the U. S. Air Service, Military Aeronautics, now stationed in the administrative department of the United States Flying School, Southernfield, Georgia, says:

"The Pan-American Aeronautics Convention and exhibition to be held at Atlantic City during the month of May will bring to the attention of the American people the wonderful progress of aviation. The work of aircraft during the war establishes its practicability for commercial uses and insures the creation in this country of a complete aerial service, connecting all cities and towns for the transportation of persons, mail and merchandise."

"Before the close of 1920 I confidently predict this service will be in full operation, with extensions to all countries on this hemisphere. In the United States trunk lines will be established across the country which will place every city and town within six hours from some twenty-four distributing points."

"The government calls for fifteen thousand men to enlist in air service for one or three years' time. This is bound to receive a quick response, as there is an opportunity for men to be immediately assigned to duty in the service and of the number who enlist those who pass certain examinations will be given flying and balloon pilot instruction. This liberal offer is equivalent to a one or three years' college course in aeronautics, and one may become expert in all branches of aviation, and if qualified a non-commissioned or even a commissioned officer."

In addition to regular pay, clothing, quarters and rations, extra pay begins with instructions to operate the aircraft. As the number of men wanted is limited to fifteen thousand for the entire country, quick application to the nearest recruiting officer will be necessary before the privilege is withdrawn.

Berne, April 17.—Munich was still isolated today from the rest of Germany but wireless advices indicated that fighting between the socialist and communist government forces increases in intensity. The deposed socialist government, again apparently driven from the city, was reported to have gathered reinforcements. Wireless advices said a great artillery battle is raging day and night.

U. S. Troops at Archangel, Where Spirit of Mutiny Developed

Unrest has developed among the American troops opposing the Bolsheviks in the Archangel district. They contend that as the war is over they should not be held in Russia. Following what promised to develop into mutiny among a small number of the men the War Department has announced that all of the 5,000 United States soldiers in the Archangel sector will be out of that region by June 1. This photograph shows an inspection of American troops at Archangel by Colonel George E. Stewart, the commanding officer. With him is De Witt C. Poole, Jr., American charge d'affaires.

GOVERNMENT SELLS FLEET WOODEN SHIPS

(By United Press)

Washington, April 17.—The United States shipping board today began disposing of its war time fleet of wooden ships. Chairman Hurley announced the sale of fifteen ships to a New York steamship company at \$650,000 for each vessel.

ROOSEVELT MEMORIAL

Lofty Tower May Be Erected in Belleau Wood.

Nation-wide response, it appears, has met the suggestion recently submitted to the Roosevelt permanent memorial national committee that Belleau wood, where American marines first stopped the Germans and which has already been renamed by the French government the Wood of the Marines, be acquired as an overseas memorial to Colonel Roosevelt. Samuel Parsons, eminent landscape architect, has designed a lofty tower of uncut stone, on the top of which is a huge eagle, representing America, with wings outstretched over a Polish or French soldier.

WOULD COMBINE LINES

Hines Favors Organizing Railways Into Few Systems.

Declares Private Ownership on the Old Plan Has Been Found Wanting.

Chicago, April 17.—Director General W. D. Hines, in an address here before the American Lumbermen's association, suggested combining America's railroads into a few great systems and then return them to private owners, who will be guaranteed a moderate return with a little extra profit to insure efficiency.

"Private ownership on the old plan has been found wanting," Hines said. "Government control now looms disapproving. The approaching method of private ownership with government co-operation must work—or the public will demand the final possibility—public ownership."

"It is a great mistake to connect high costs with government control," said Hines. "We are at present trying to revise all prices, except wages, downward. We are doing it slowly to avoid chaos."

SOLDIERS KILL DRY MEASURE

Their Vote Wipes Out Majority in New Zealand Election.

London, April 17.—The vote of New Zealand soldiers has wiped out the majority for prohibition which was rolled up in that commonwealth on April 11 according to a dispatch to the Central News from Christchurch.

In the New Zealand election the prohibition forces claimed a majority of more than 12,000 votes.

PANKHURST MAKES UPROAR

With Two Other Suffragists Is Ejected from House of Commons.

London, April 17.—Sylvia Pankhurst, Mrs. Cole and Miss Stephenson created an uproar in the house of commons gallery by shouting, "You gang of murderers. You have not only failed to settle the war, but you are leading the country into another one." There were also shouts of "Long live the soviets!" The three women were ejected.

ALLIANCE TO ENFORCE PEACE

Will Act Until League of Nations Begins to Function.

Paris, April 17.—An "alliance" or some other definite form of guaranty will be established to enforce the peace treaty and protect France from German aggression during the period of transition until the League of Nations begins to function, it is reported here.

WARSHIPS WILL PLAY BIG PART

Naval Vessels to Aid in Creating Enthusiasm for Victory Liberty Loan.

OREGON SAILS PACIFIC

Famous Battleship Will Touch at All Principal Ports—Kentucky Will Take in New England and Destroyers Atlantic and Gulf Coasts.

Washington, April 17.—The famous battleship Oregon, which made the historic trip around the Horn in the Spanish-American war, will play its part in the forthcoming Victory Liberty loan campaign by cruising along the Pacific coast, starting from Bremerton, Wash., and putting in at important ports to stimulate enthusiasm for the loan drive.

On the Atlantic coast, the battleship Kentucky will start at Portland, Me., and make the New England ports. The remainder of the Atlantic coast and the Gulf coast will be covered by a flying squadron of six destroyers, two of them, the Ammen and the Beale, will be stationed at Galveston, Tex.; the Burrows and the Jenkins at Charleston, S. C., and the Paulding and Terry at Norfolk, Va. From these ports the flying squadron will be despatched to various cities.

The use of these ships will be independent of the trip of the Navy Victory ship which is to sail from San Francisco to New York, recording by its progress the nation's subscription to the loan.

The American Indians in Oklahoma have opened their Victory Liberty Loan campaign without waiting for the formal opening day, next Monday. The Treasury received word from C. V. Sinohegan, superintendent of the Kiowa Indian agency of Oklahoma, saying Indians there had pledged more than \$150,000, thereby exceeding their quota and being the first of the 240 Indian agencies in the United States to win a German helmet, awarded as a prize for oversubscription by Indian agencies.

BRITAIN MAKES SUGGESTION

Desires Opium Treaty of 1912 Placed in Full Force.

London, April 17.—Cecil B. Harmsworth, under-secretary of state for foreign affairs, told a questioner in the House of Commons, that the British government had submitted a proposal to the Peace conference that the countries represented there should combine to take steps to bring the opium treaty of 1912 into force, and that a provision should be made in the peace terms imposing on the enemy states the obligation of ratifying the convention.

ROBERT S. MCCORMICK DEAD

Retired as American Ambassador to France in 1907.

Chicago, April 17.—Robert Sander McCormick, American diplomat and father of United States Senator Medill McCormick of Illinois and Robert R. McCormick, one of the editors of the Chicago Tribune, died of pneumonia at his home in Hinsdale, a suburb. Ill health forced him to retire as United States ambassador to France in 1907.

LET'S LID WAIT FOR PEACE

Wilson Not to Consider Wartime Prohibition Until Then.

Paris, April 17.—President Wilson is not expected to consider the subject of wartime prohibition until after peace is signed and "something is done regarding demobilization." It is learned here. "The question has not arisen at the Paris 'White House.' It was said, but it was pointed out that the law depends upon actual demobilization."

ASKS ABOUT WILSON RETURN

White House Seeks Instructions for Making Preparations.

Washington, April 17.—As an indication that President Wilson will be on his way back to the United States soon, barring unforeseen circumstances, a cable has been sent to him by the White House, asking instructions for making preparations for his return.

COMMITTEE OPPOSES BILL

Minnesota Safety Commission May Remain in Existence.

St. Paul, April 17.—The senate committee on civil administration recommended the indefinite postponement of the Pittenger house bill to abolish the public safety commission. Only three members of the committee voted in favor of the bill.

WOMAN'S REALM

"ANCIENT MARINER" BELIEVED IN GOD

With another packed house at the Swedish Baptist church last night, Evangelist Nygren delivered one more of his stirring sermons on the subject, "The Ancient Mariner." It just seems that Mr. Nygren knows what ought to be said from night to night to the different crowds and he isn't afraid to say it. He swings a broad axe and the chips fly when he speaks. There are some people who do not like the evangelist, this however does not cause him to lose any sleep; he said last evening, "You don't know whether I like you or not either!" Oh, yes, he's anxious to have friends, this he has said repeatedly, "But," he adds, "not at the sacrifice of truth, no sir-e-e-e!"

The Ancient Mariner proved to be Noah. He mentioned about Noah being alone righteous in his day. "Noah built and voyaged alone, the people laughed at his strangeness and perished in style. Abraham wandered and worshipped alone, the Sodomites smiled at the simple shepherd, followed fashion and fed the flames. Daniel dined and prayed alone and was highly exalted in the last. Elijah sacrificed and witnessed alone and God sent a special jinyer and got him. What are you alone in? Some people are alone in meanness! Do you dare to stand alone for truth? People tell me that you can't apply Christianity in today's life. Is that so? I'll tell you where this cry comes from, it comes from the Anarchistic crowd, those who with pale trembling hand bespatters the community with blood, and then they are going to console the bleeding, suffering, groaning, dying world with agnosticism, infidelity and animism!" Mr. Nygren declared that infidelity has never baked any bread for the hungry. "One hundred per cent Christianity is needed in the world today! Not the kind that goes to church Sunday morning and Sunday morning only, and then insists that the pastor should preach just 20 minutes, and that he should preach 'beautiful' sermons! Noah preached and punctuated his sermons with his tools. We need a man behind the pulpit and a man who has a message, and then we need people in the pews who back up the sermon from the pulpit. We may have jaw-bone and wish-bone, but we need more back-bone."

In a very dramatic way the evangelist described the storm and the flood in the day of Noah. "Nothing will happen!" that was what people said in the day that Noah preached. The flood came, and the morning after the whale swam where the ark had

stood! There is no more flood coming, not a flood, but fire. Listen, when hissing, hideous, hilarious, hellward humanity has cursed, killed, robbed, damned and trampled purity under foot, when it has spit God in the face and trampled on the very blood of God's son, then, then will God ignite the match of righteousness in the sinner's own sinful heart and the flames of eternal damnation will curl on for ever and ever!"

In the after-meeting there were more conversions. Mrs. Fallquist of the Swedish Mission church rendered a beautiful solo accompanied by Miss Bredenberg. The chorus choir sang and Rev. Cody offered prayer. This evening is "Family Night" and the evangelist will preach on a very important subject. A prize will be given to the largest family present. Tomorrow evening is Young People's Night. Sunday is closing day. All services are held in the Swedish Baptist church, corner 10th and Oak streets, and the services are open to everybody.

RAISED MONEY FOR LOAN EXPENSES

"Our Teddy," given under the auspices of the Woman's Liberty Loan committee, raised \$170 for loan expenses, according to the report made by County Chairman Mrs. W. C. Cobb and City Chairman Mrs. Henry I. Cohen.

The ladies are to be commended for the energy and public spiritness shown.

Passion Week Service
The fourth meeting of the Passion week series will be held in the M. E. church tonight at 7:45 o'clock. Rev. R. E. Cody will be the speaker.

Young People's Society
The Young People's society of the Norwegian-Danish Lutheran church will meet in the church basement tonight.

Chinese Superstition.
Superstition is rampant in China and when Chen Ying Yin, a trader in Straits Settlements, after his return to Kaping, his own village, proposed to open the lands along Fui Ngo mountain as a field for grazing, his suggestion could hardly be carried out as his villagers bitterly protested against the project on account of their belief in "Fung Sul," a superstition relating to the locations of places.

How Do You Find It, Neighbor?

DR. E. J. HUENEKENS AT BABY CLINIC

Has Been Directing Them Under Direction of the State Board of Health Throughout State

AT BRAINERD, FRIDAY, APR. 18th

Trained Nurse will be in Attendance and Committee City Child Welfare Will Assist

Dr. E. J. Huenekens, who has been conducting child welfare clinics under the direction of the state board of health, will conduct the clinic to be held at the Elks hall, Friday, April 18, from 9 A. M. until 4 P. M. A trained nurse will be in attendance and a committee of ladies under the city child welfare chairman, Mrs. R. A. Beise, will assist.

The draft showed that many thousands of young Americans were unfit for military service because of defects that might have been corrected in childhood. Thousands of babies die unnecessarily every year. To help remedy those conditions the state board of health is anxious to establish baby clinics all over the state.

All mothers of children under five years of age should take advantage of this opportunity, it is for every child in the community.

Through the courtesy of the Red Cross, the rest room in the city hall will be at the disposal of all out-of-town mothers with little children. A committee of the Council of Defense, Mrs. J. C. Higbe, Mrs. C. A. Nelson and Miss Anderson will serve coffee, cookies and sandwiches.

EASTER SERVICES

To be Held as Usual at the Swedish Lutheran Church, Commencing at 10:30 in the Morning

Easter Sunday services will be held at the Swedish Lutheran church at 10:30 in the morning, with Sunday school at noon. In the evening the services will be held at 8 o'clock.

An Easter program will be given by the Sunday school.

Enthusiastic Meeting of Odd Fellows

At the regular meeting of Unity Lodge Wednesday evening, plans were perfected for making the centennial celebration a rousing time. The one hundredth anniversary will be celebrated April 30th. The program will consist of the best musical numbers obtainable, speeches by prominent members and the ceremony of burning the mortgage. The Rebekahs will have charge of the refreshments.

At the Best Tomorrow

Farmerette is one of the many terms which have come into popular use since the war. That a farmerette, however impractical and unsuited for such work, may really be of aid to her country, is demonstrated in an amusing manner in Vivian Martin's new picture, "Little Comrade," which will be seen at the Best theatre tomorrow.

Miss Martin plays the role of a girl who becomes a farmerette because she thinks it will be great sport. She spends several hundred dollars for a proper costume, which she designs herself, using the attire worn by the Russian ballet as a model. She then has several photographs taken of herself in costume leaning on a hoe. But when she gets to the farm she learns that there is real work connected with it.

Her gorgeous costume doesn't stand up very well under the strain of cleaning chicken coops and milking cows, and neither does her patriotic spirit. But she surprises every one by pulling herself together and saving a young soldier from desertion. In the end, she is a totally different sort of girl.

JAPANESE SLAY KOREANS

Alleged Atrocities Reported to U. S. Embassy in Shanghai.

Shanghai, April 17.—The Korean insurrection, announced as a passive revolution against Japanese rule, will be brought to the attention of the American government in a series of graphically written reports. One of these has just been read by a correspondent of the Associated Press. It was written by an American and recites the sensational events from March 1, when the revolt began, until March 15, when the report was started on its way to the American minister at Peking. According to this story, the Koreans who sought publicly to demonstrate their demands for independence, were violently treated, scores being killed and hundreds injured.

TROOPS HOLDING LIMERICK

British Soldiers Rule With Iron Hand Under Martial Law.

Dublin, April 17.—The city of Limerick is virtually in a state of siege following establishment of martial law in that district.

British troops with full war equipment are in possession of the street. Barbed wire entanglements have been erected at all bridges and military passes are necessary to enter or leave the city. Machine guns have been placed at strategic points. Armored cars are being used for patrol work.

The city is cut off from all intercourse with surrounding districts and fear is expressed of a food shortage.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

CONSIDER TREATY OPENLY

Senator Lodge has stated that as far as he is concerned he will attempt to secure public consideration of the peace treaty when it comes before the senate. As he is, or will be, chairman of the foreign relations committee of the next senate and republican leader of that body, his influence will probably be great enough to bring public consideration about.

This action, in contrast with the president's loud protestations of "open covenants openly arrived at," and then his action in being a party to formulating the treaty in the greatest secrecy, is significant of the difference in the character of the two men, and the political parties they represent.

"V" Stands for FIFTH or VICTORY LIBERTY LOAN

"The money that was spent scaring Germany to death is the money spent with our approval. Let's pay the debt and finish the job."

(Edited by the Crow Wing County Liberty Loan Organization.)

THE VICTORY LIBERTY LOAN.

The wise and patriotic and foresighted citizen is already building up a sinking fund to make it easier to do his share on the Fifth Liberty Loan, which has already been officially entitled the Victory Liberty Loan and is announced for April.

The need of this loan will be no less great than of any preceding loan. The government is committed to heavy war expenditures which, though they will be curtailed as rapidly as possible, cannot cease until the greatest army America ever mobilized is demobilized; and that cannot be for many months yet.

In many respects, this loan will be the surest test of sound citizenship yet imposed.

It is not difficult to induce people to subscribe to a national loan when their sons and their cause and their country are in peril because the victory is not yet won. It is hard to refuse to subscribe when failure to subscribe may mean defeat.

Yet the obligation upon every citizen to do his full share in the loan to come is quite as great as in any previous loan; and the good citizen, the dependable citizen, the citizen the country can bank upon in peace as in war, is the citizen who is not less ready to help his country pay the bills of war and end it honorably than he was to help his country fight and win the war.

It would be no less a national disgrace to have this loan fail than it would have been to have one of the war-time loans result in failure. None of the war-time loans failed; and this loan will not fail.

But to succeed it must have the fullest support of every citizen; and the wise citizen is preparing now by setting apart something out of his earnings to help him do his share when the new loan comes.

HOLD YOUR LIBERTY BONDS.

Some get-rich-quick concerns are endeavoring to persuade patriotic Liberty bond holders, whom they know will not sell outright their Liberty bonds, to turn over their Liberty bonds to these companies as security for a loan and with the money thus borrowed purchase stock in their companies.

A Liberty loan bond is the safest investment in the world, and a prudent man will very carefully investigate any effort to induce him to exchange it for a less safe investment. This lending ones money on Liberty bonds as security to purchase stock in the lender's company is in many cases only a thinly disguised method of exchanging stock of doubtful value

for Liberty bonds of unquestioned value.

It is a good business and it is patriotism to hold your Liberty bonds.

4 MINUTE MEN TO SPEAK FOR LOAN

R. R. Gould in Opening Address at the Best Theatre on Wednesday Evening

REV. ERRINGTON ENLISTED

Carl Zapffe, County Chairman, to Speak to Market Day Gathering at Chamber of Commerce

The Four Minute Men began their active campaign last evening in the interests of the Fifth Liberty Loan. R. R. Gould spoke at the Best theatre and in the limited space of time allotted him, gave a short, concise summary of the Liberty Loan and what it signifies to every American.

This evening, Rev. Frederick Errington, pastor of the First Congregational church, will be the Four Minute men speaker at the Best theatre. Rev. Errington was engaged in the service of the government at one of the cantonments and is a forceful speaker. His talk this evening will be an inspiration to every red-blooded American.

On Saturday, Carl Zapffe, chairman of the Liberty Loan in the county, will speak at the Chamber of Commerce during the luncheon hour for Market Day.

Other speakers will be on the job next week to assist in the Liberty Loan campaign.

THE HAYDON CO. IS ORGANIZED

Re-organization Effected by W. E. Haydon and Associates Of City and Minneapolis

NEW OFFICERS ARE ELECTED

To the Ice Cream Making Business Will be Added Jobbing in Soft Drinks, Crushed Fruits, Etc.

The Haydon Co. has been incorporated by W. E. Haydon and associates of Brainerd and Minneapolis to take over the ice cream manufacturing business of Mr. Haydon in this city.

The new company will also do a jobbing business in soft drinks, crushed fruits, syrups and carry a complete line of high grade candies.

Haydon's delicious ice cream is a delicacy sold all over northern Minnesota, as far north as International Falls, west to New York Mills, east almost to the confines of Duluth, south well into Little Falls territory.

H. L. Gould of Minneapolis, formerly with Bachet & Richter, handling confectionery and bakery goods, has associated himself with the company and after May 15 will make his home in Brainerd, removing to the city with his family.

The Haydon Co. has convenient quarters on South Fifth street. The first officers elected are President W. E. Haydon, vice president H. L. Gould, secretary-treasurer C. W. Brown. These and E. H. Husemann and Walter F. Wieland constitute the board of directors.

Mr. Brown is well known in the city, having for years been employed at the Ransford hotel while it was being conducted by O. H. Johnson.

The Haydon Co. recently put out some very attractive permanent billboards, located at the Mill, Oak street, South Sixth street and other points. Coupled with these, attractive literature will be compiled and circulated, thus further spreading the merits of the goods handled.

Mahnomen Mining Company Gains Honor of Being First Mining Company to Subscribe

"TANK DAY" BIG DAY APRIL 18

Local and Visiting Soldiers and Sailors in Uniform to March in Patriotic Parade

The Victory Liberty Loan campaign started with a jump today when the Mahnomen Mining Co., operating a big pit mine near Ironston, was the first of the mining companies of the Cuyuna iron range to subscribe to the loan. They took \$10,000 worth, said County Chairman Carl Zapffe, who was pleased to make the announcement.

In Brainerd preparations are completed for "Tank Day," April 18, when a war tank will arrive early in the morning from Aitkin and disport itself about the streets in full war regalia, firing rounds and rounds of blank cartridges and by its maneuvers injecting life into the Victory Loan campaign.

Two big special policemen of the city will guard tank and equipment every minute of the time spent in the city. In charge of two tank soldiers, the noisy tank will charge into Northeast Brainerd between 12 and 1 o'clock, to Southeast Brainerd from 4 to 5 and at 7 P. M. will head the patriotic parade which will form at Broadway and the tracks near the Standard Oil Co. warehouse.

Soldiers and sailors in uniform, hundreds of home boys and visiting Yanks will march with the tank. The Brainerd City band in full strength will play under the direction of R. H. Rehl.

After the parade will come a program of stunts in which the tank will be chief actor. A decrepit laundry wagon and several ancient flivvers have been offered on the altar and will be sacrificed to a finish. After the tank work will come short addresses by rapid fire speakers including County Chairman Carl Zapffe and others.

When Brainerd and Crow Wing county get through with "Tank Day" Friday there will be no doubt in any

one's mind that the loan is off with a flying start.

Soldier and sailor visitors, will be fed by the Red Cross canteen service. Register at the Chamber of Commerce.

TANK PARADE ANNOUNCEMENT

The tank parade will be short. The only participants will be the City band, soldiers and sailors in uniform, the tank, all headed by G. A. R. veterans carrying the American flag.

All soldiers and sailors in Brainerd are requested to wear uniforms and participate in the parade which will form at 7 P. M. at 8th and Front streets and start promptly at 7:15 P. M. An army officer will be in charge of the parade.

In thirty minutes the parade will be over and the tank will then perform its stunts on Front street at the depot park.

The tank men who will guide the war tank at Brainerd tomorrow passed through Brainerd this afternoon on their way to Aitkin. They were Sergt. Chas. E. Marner and Private Stanley Niewiadomski. After displaying the tank at Aitkin they will return to Brainerd on the midnight train tonight. Accompanying them was Lieut. E. G. W. Wyatt of the Canadian army who served as tank instructor before the tanks were even under way in warfare and who saw four years' service in the war swept area. He is also a fine speaker and will speak at Brainerd right after the parade.

The tank is 16 feet long and its tank has a capacity of 30 gallons. It uses up to 2½ gallons of gasoline per mile.

OFFICIAL FILMS OF DESPERATE FIGHTING

Motion pictures taken in the thick of action on the American front from Soissons to Chateau Thierry have been released for exhibition before the public for the first time in "The Price of Peace," the Treasury Department's Victory Liberty Loan film showing at the Best theatre Monday, April 21.

Among these stirring scenes of real war are those showing the Americans as they went over the top and out in the wheatfields in the light of the sky, red with the angry fires of war.

In the Argonne sector our artillery is shown in violent action, in one of the last of the great gun duels of the war. An American battery on a ridge caught in a hail of German shells is shown seeking a new and safer position, eluding the enemy guns.

From the St. Mihiel sector are pictures of U. S. infantry advancing over a field swept by shrapnel. Bursting shells dot the field, while clouds of gas swirl over the scene.

A battle in the air, with German flyers attacking our observation balloons, and American flyers in turn attacking the Germans, is pictured in a swift sequence of scenes. A German plane is shown shot down and falling like a twirling leaf from the sky. A terrific barrage is raised about the balloons to protect them with a wall of bursting shells.

And then after all this turmoil comes scenes showing the American army of occupation in Germany, with a son of Uncle Sam as the new "Watch on the Rhine."

BRAINERD BASEBALL TEAM OFFICERS

Mayor-Elect Frank E. Little Well Known Machinist and Umpire Heads the Team

I. C. STROUT IS MANAGER

John F. Elkins, Boilermaker Foreman With Spanish-American War Record is Vice President

The Brainerd baseball club has now been fully organized with these officers: President Mayor-elect Frank E. Little, vice president J. F. Elkins, secretary and manager I. C. Strout, treasurer John A. Hoffbauer, field captain Fred C. Cook.

Brainerd will enter the Central Minnesota baseball league and a schedule from May to August is in process of formation. A score book is being compiled carrying much local advertising which will in large measure finance the team.

Mr. Strout for many years managed the destinies of the "Speedwells" in Brainerd. Mayor-Elect Little has had much baseball experience, having often officiated as umpire. J. F. Elkins, or Major Elkins, as he is known, is a Spanish-American war

veteran and an ardent baseball fan. Fred C. Cook is a noted pitcher and first baseman, in fact one of the brainiest players in the Northwest. Mr. Hoffbauer for years has followed up the destinies of baseball in Brainerd, doing some of the heavy transportation work hauling the Red Cross baseball team by automobile last year.

WAR INSURANCE

Ensign George Edward Coutu, Navy Pay Corps, to Aid Sailors, Soldiers, Marines

Ensign George Edward Coutu of the navy pay corps was recently a visitor in Brainerd at the home of his uncle and aunt, Mr. and Mrs. William H. Crowell. He has been assigned to duty at Minneapolis at the navy recruiting and demobilization station, 408 Second Avenue south, for the purpose of giving information to soldiers, sailors and marines relative to war risk insurance and allotments.

He comes from the Philadelphia navy yards and will be on duty in Minneapolis several weeks. As soon as the proper forms are received Ensign Coutu will be prepared to convert the war risk insurance policies held by sailors, marines and soldiers into the new form of insurance authorized by the war risk insurance act.

- Will Seek to Carry on the Work of the G. A. R.**
- (By United Press)
- Berlin, Wis., April 17—Cast no aspersions on this town for its Teutonic cognomen, for it was here that one of the most notable movements, following in the wake of the world war, was born—the organization of the Liberty War Veterans of the World, 1914-18.
- Official recognition of the birth of the organization here has been given by the Wisconsin legislature.
- This Veteran body, whose membership is limited to soldiers, sailors and marines who participated in the recent war, plans to "carry on" when taps for the last member of the G. A. R. has been sounded.
- The organization is spreading rapidly and branches have been formed in nearly every state in the union. Five have been established in Wisconsin, which at present leads all States in numbers of World War Veteran branches.
- Theo local branch of the society, or "trench," as it is called, was founded on Dec. 22, 1918, by Col. George W. Morton. It was dedicated to Gunnery Sergt. Max Kruse, the first Berliner, Wis., soldier to pay the supreme sacrifice in the world war.
- The aims of the society as set forth in its constitution are to "exemplify the patriotic work of the Grand Army of the Republic," and "to teach loyalty to the constitution and flag at all times."
- Plans are now being laid for a state convention of the organization and it is probable it will be held in Milwaukee, this summer, and within five years it is proposed to hold a national encampment, similar to those held by the G. A. R.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washboiler, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.
